

National Portrait Gallery of Australia - Annual Procurement Plan 2016-17

The Gallery's purpose is to increase the understanding and appreciation of the Australian people - their identity, history, culture, creativity and diversity - through portraiture. The Gallery houses the national collection of portraits of Australians reflecting the breadth and energy of Australia culture and endeavour. Subjects in the collection are individuals who have, and who will continue to shape our nation and define our collective persona. As a member of a group of national collecting institutions, the NPGA is unique in its exclusive use of portraiture to explore Australian culture, history, individual achievement and identity. The Gallery is located in Canberra, ACT.

All planned procurement which may be open for Multi Agency Access are identified as such, and all open approaches to the market will be advertised on Tenderlink. All request documentation for open approaches to the market will be available electronically from Tenderlink when the approach to the market takes place.

All planned procurements are subject to revision or cancellation. The Annual Procurement Plan (APP) may be updated to maintain currency as the year progresses. The information therein is provided for planning purposes only and it does not represent a solicitation or constitute a request for proposal, nor is it a commitment by the Gallery to purchase the described property or services.

Section	Description	Date of Approach	Status	Change comments	Last updated	Contact Name	Contact Number	Contact Email	Multi Agency Access
Enter the appropriate Section name.	Enter a brief description of the Planned Procurement.	Select the estimated financial year and quarter for the approach to the market.	Identify current or closed.	Provide details of changes made to original plan.		Enter the contact name if different to the APP contact.	Enter the contact number if different to the APP contact.	Enter the contact email if different to the APP contact.	Indicate the potential for Multi Agency Access by selecting either 'No' or 'Potentially'.
